

GENERAL CATALOGUE 2023

OUR PRODUCTION FACILITIES

INJECTION MOLDING MACHINES

Now, We have 15 injection molding machines in our facility.

Our extensive knowledge of polymers, colorants, additives and processing parameters and our considerable experience in a wide variety of injection moulding materials enable us to select the most suitable components for any project.

Plastic Materials

Our materials are selected based on heat, pressure, strength, cost and other properties. We can manufacture with ABS (Acro nitrile - Butadiene - Styrene), PC (Polycarbonate), PE (Polyethylene), PP (Polypropylene), Polyamide (PA6-PA66-PA12), Peek, PPC, GF30, GF50, PBT (PolyButyleneTeraflate), TPE (Thermoplastic Elastomer), POM (Polyoxymethylene), PS (Polystyrene) and other special compounds

MOP PRODUCTION

While we manufacture a variety of mops (dust mops, wet mops, deck mops, etc.), we also sell other commercial floor cleaning tools such as brooms, handles, scrub brushes, janitor carts, etc. Visit our product section for more details.

Our commercial cleaning products come with a customer satisfaction guarantee. Our raw materials and finished products are sourced through vendors that meet our high quality standards. Our internal quality control process guarantees that no product is sold without our utmost confidence in its performance.

WAREHOUSE AND LOGISTIC

We have an area of 400 sqm for storage our products and finished orders of our reliable customers.

Our focus is to provide our clients with the feeling of a proprietary facility while providing cost-effective solutions. We understand that our clients' needs vary; which is why we take the time to understand your unique situation. Our dedicated warehousing team works hard to create a seamless extension in managing our clients' inventory needs. With our warehouse technology, we are.... always watching your inventory.

RETRO MOP HOLDER

Flat mopping system with pockets, to be used either pre-soaked, soaked on demand with soaking station or with handles with tank. Ideal for professional and high performance cleaning of horizontal and vertical surfaces.
